

**Aaron Julius Siegler, PhD, MHS
Curriculum Vitae**

PERSONAL INFORMATION

1518 Clifton Rd
Atlanta, GA 30030
Phone: +1-404-712-9733
Email: asiegle@emory.edu

EDUCATION

2014. Post-Doctoral Fellowship, Emory University Rollins School of Public Health, Department of Epidemiology.

2012. Ph.D., Emory University Rollins School of Public Health, Department of Behavioral Sciences and Health Education.

2005. M.H.S., Johns Hopkins University Bloomberg School of Public Health, Department of International Health, Health Systems focus.

2002. B.A., Emory University, Political Science.

PROFESSIONAL EXPERIENCE

2018-present: Associate Professor, Department of Epidemiology, Rollins School of Public Health, Emory University.

2018-present. (Joint) Associate Professor, Emory University Rollins School of Public Health, Department of Behavioral, Social, and Health Education Sciences.

2016-present. Assistant Director, Prevention Core of the Emory Center for AIDS Research (CFAR).

2014-2018. Assistant Research Professor, Emory University Rollins School of Public Health, Department of Epidemiology.

2012-2014: Research Manager, Sibanye Project (MP3 II), Emory University Rollins School of Public Health, Department of Epidemiology.

2009-2011: Project Manager, Maiboo Maa, Emory University, Rollins School of Public Health, Department of Behavioral Sciences and Health Education.

2004: Enumeration Manager, Project ACCEPT (HPTN 043), Johns Hopkins University, Bloomberg School of Public Health, Department of Global Health.

EXTERNAL FUNDING / GRANT SUPPORT

ACTIVE SUPPORT PI

3R01AI143875-02S1, Siegler (contact PI), Sullivan (MPI) NIH/NIAID	05/27/2020 – 12/31/2021 \$6,662,234
--	--

Title: Population-based survey of SARS-CoV-2 infection and immune response

Description: This study will assess the prevalence and incidence of COVID-19 among randomly selected households in the United States, targeting participation of over 7,000 households each provided with home-based specimen collection materials for PCR and antibody testing. The

study includes development of a website to disseminate study findings (COVIDVu.org,), and mathematical modeling to leverage epidemiological study data.

R01MH114692, Siegler (contact PI), Mayer (MPI) 08/25/2017 – 05/31/2022
NIH/NIMH \$5,709,746

Title: Making it last: A randomized, controlled trial of a home care system to promote persistence in PrEP care

Description: This study is a clinical trial to determine whether a home care system for HIV PrEP, compared to standard of care in-person visits, will have higher levels of maintenance in PrEP care at one-year follow-up.

R01-equivalent: ATN159, Siegler (contact PI), Mena (MPI) 09/01/2017 – 05/31/2022
NIH/NIMH, Adolescent Medicine Trials Network (ATN) \$2,033,326

Title: ePrEP: Testing an electronic PrEP initiation and maintenance home care system

Description: This multisite clinical trial assesses whether providing telemedicine PrEP to MSM in rural areas from centralized facilities through an app-based platform leads to improved uptake and maintenance in care relative to standard of care referral. This grant is part of the ATN, a mechanism NIH uses to more efficiently fund HIV research, under a RFP for R01-equivalent applications that were reviewed by an independent scientific panel convened by NIH.

R01AI143875, Siegler (contact PI), Sullivan (MPI) 01/23/2019 – 12/31/2022
NIH/NIAID \$2,586,836

Title: Integrating a combination HIV prevention intervention into a widely-used geosocial app for Chinese MSM

Description: This study includes a literature review, mathematical modeling, and development of an HIV prevention package for Chinese MSM that will be incorporated into an existing geosocial networking app (Blued) and pilot tested in two cities.

ACTIVE SUPPORT SITE PI or CO-I

6 NU50CK000539-01-08, James Watt (PI) 06/01/2020 – 05/31/2021
CDC, Coronavirus Aid, Relief, and Economic Security Act \$474,787

Title: California Department of Public Health (CDPH) Epidemiology and Laboratory Capacity for Infectious Diseases (ELC): Oversample Project

Description: This subaward from the State of California will fund COVIDVu oversampling in the state to allow for robust state-level estimates of COVID incidence and prevalence, and to inform disease modeling efforts.

Role: MPI of Subaward, Sullivan (MPI)

Foundation, Chamberlain (PI) 06/01/2020 – 05/31/2021
Woodruff Foundation \$1,200,000

Title: Emory COVID-19 Response Collaborative

Description: This study will conduct testing in the state of Georgia to assess the prevalence and incidence of COVID-19 among randomly selected households. The study will test full households including children, and will oversample in Black and Latinx urban areas to develop local estimates for highly impacted populations.

Role: MPI of Surveillance Core, Sullivan (MPI)

R34MH122362, Haberer (PI) 03/06/2020 – 02/28/2023
NIH/NIMH \$12,261 (Sub-contract)

PrEP My Way: A Novel PrEP Delivery System to Meet the Needs of Young African Women

The purpose of the project is develop and pilot test PrEP My Way, a system of peer-delivered specimen self-collection kits and medication refills to facilitate young women in sub-Saharan Africa initiating and maintaining in PrEP care.

Role: Site PI

COMPASS Initiative, Sullivan (PI) 11/01/2017 – 10/31/2020

Gilead Foundation \$8,000,000

Title: Building sustainable organizational capacity to provide HIV services in the Southern US
Description: This initiative seeks to provide improved access to mental health, substance abuse, and trauma-informed care services to people living with HIV in the Southern US, with geospatial analysis that will inform resource prioritization and targeting of service provision.

Role: PI of the Geospatial Core

R34MH119007, Crawford (PI) 08/01/2019 – 06/30/2022

NIH/NIMH \$575,702

Title: Advancing pre-exposure prophylaxis (PrEP) access in pharmacies to improve prep uptake in disadvantaged areas.

Description: This project will develop and pilot test a pharmacy PrEP delivery model for Black MSM using community pharmacies.

Role: Co-Investigator

R01MH114676, Sullivan (PI) 07/01/2017-06/30/2022

NIH/NIDA \$5,401,745

Title: Theoretically Based Mobile App to Increase PrEP Uptake Among MSM

Description: This project will conduct an RCT of a mobile app to increase uptake of PrEP, in the setting of provision of comprehensive HIV prevention services.

Role: Co-Investigator

U19HD089881, Hightow-Weidman, Sullivan (MPI) 09/01/2015-08/30/2020

NIH/NIAID \$3,558,967

Title: The UNC/Emory Center for Innovative Technology (iTech) across the prevention and care continuum.

Description: This project represents several research and developmental projects as part of the Adolescent Trials Network, plus administrative, technology and data analysis/management cores.

Role: Co-Investigator

COMPLETED SUPPORT

R01MH109320, Buchbinder (PI) 09/21/2015 – 09/20/2019

NIH/NIMH \$842,494

Title: DOT Diary (D²): Developing a mobile app with combined automated DOT and daily sexual diary for monitoring and improving PrEP adherence

Description: This project will develop and pilot a smartphone app to monitor and support adherence to PrEP among young MSM, using artificial intelligence for measuring pill-taking through automated directly observed therapy (a-DOT).

Role: PI, Emory University Site

1U01PS004977-01, Sullivan (PI) 09/01/15 – 08/31/19

CDC \$3,065,914

Title: Mobile Messaging Intervention to Present New HIV Prevention Options for MSM

Description: This is a cooperative agreement with the CDC Division of HIV/AIDS Prevention to conduct a two-phase study that seeks to develop an intervention to deliver prevention messages to men who have sex with men and then conduct a randomized control trial of its efficacy in three US cities.

Role: Co-Investigator

1R01AI112723, Sullivan (PI) 03/13/2015 – 02/28/2019
NIH/NIAID \$2,484,791

Title: Understanding Disparities in effective HIV treatment and prevention: InvolveMENT+
Description: A prospective cohort study of HIV-positive black and white MSM in Atlanta to understand racial disparities in HIV care, targeting provision of actionable data for intervention development.

Role: Co-Investigator

1R01DA038196, Rosenberg, Sullivan (MPI) 04/01/2014 – 03/30/2019
NIH/NIDA \$2,488,352

Title: Understanding substance use and incident HIV/STI among young black MSM
Description: This application proposes an HIV/STI incidence cohort of young black MSM in Atlanta to describe the role of drug and alcohol use in HIV risk.

Role: Co-Investigator

Foundation Grant, Siegler (PI) 07/01/2016 – 06/30/2018
M·A·C AIDS Fund \$175,000

Title: Improving PrEP Access: the PrEP Locator
Description: This project seeks to build a national database of providers of HIV pre-exposure prophylaxis (PrEP) as an open-source resource, accessible via API, to allow patients to locate PrEP providers and allow researchers to identify gaps in PrEP service availability.

CFAR-C Award, Siegler, Little (MPI of supplement) 01/31/2017 – 06/30/2018
NIH \$40,000

Title: A collaborative pilot assessment of active biomedical intervention among high-transmission areas in HIV genotyped networks
Description: This project will develop and pilot test an intervention that uses HIV genetic sequence network data to target clusters of MSM, with network-based identification of those at high risk for HIV acquisition or transmission.

P30AI050409-supplement, Siegler (PI of supplement) 08/01/2016-07/31/2017
NIH/NIAID \$312,000

Title: Advancing PrEP Delivery: Using ePrEP to Expand PrEP Access to Non-Urban Young Black MSM
Description: The goal of this supplement is to develop and pilot test “electronic PrEP (ePrEP),” a model for expanding PrEP access to young, Black MSM in non-urban areas using an integrated, home-based telemedicine system.

P30AI050409-supplement, Kelley, Siegler (MPI of supplement) 08/01/2015-07/31/2017
NIH \$100,000

Title: Implementing PrEP as Standard of HIV Prevention Care in a US Cohort of MSM
Description: The goal of this supplement to the Emory parent CFAR award is to implement an optional PrEP program into an existing NIDA R01 funded longitudinal cohort of young, black MSM which will allow examination of PrEP uptake and adherence in this at-risk, marginalized population.

R44HD078154, Cecil, Sullivan (MPI) NIH/NICHD	09/25/2014-07/31/2016 \$749,998
Title: A study to improve the fit of HIV prevention methods	
Description: This Phase II SBIR supports a cross-over randomized trial to assess fitted condom performance, including clinical outcomes of breakage, slippage, and pleasure.	
Role: Co-Investigator	
R21MH103187, Sullivan (PI) NIH/NIMH	02/15/2014 – 1/31/2017 \$445,060
Title: Developing and assessing the feasibility of a home-based PrEP support program	
Description: This project seeks to develop and determine the acceptability of a home-based monitoring and support system for men on HIV pre-exposure prophylaxis.	
Role: Co-Investigator	
R01A1094575-Supplement, Sullivan (PI) NIH/NIMH	08/1/2013 – 6/30/2014 \$114,697
Title: Administrative Supplement -- "Comprehensive HIV Prevention Package for MSM in Southern Africa"	
Description: The goal of this supplement is to use qualitative methods to adapt current measures of stigma, and to longitudinally assess how combination HIV prevention impacts stigma experienced by MSM in South Africa.	
Role: Supplement Lead	
R43HD078154, Cecil and Sullivan (MPI) NIH/NICHD	08/01/13 – 01/31/14 \$110,000
Title: Behavioral and manufacturing science to commercially develop fitted condoms	
Description: The goal of this project is to contribute to tools and standards development that would allow for a larger range of condom sizes to be available to men in the United States.	
Role: Co-Investigator	
P30AI050409-Revision, Curran (PI) NIH	2013 \$73,600
Title: Equipment request: Human Solutions Vitus 3D Body Scanner	
Description: A 3-D body scanner to allow for improved anthropometric measurement.	
Role: Revision PI	
F31MH082647, Siegler (PI) NIH/NIMH, National Research Service Award	2008-2011 \$82,716
Title: Survey of HIV-related Behaviors of the Maasai of Tanzania	
Description: This project explored HIV-related behaviors in the context of Maasai culture through the conduct of exploratory measurement development and a randomized cluster survey.	
Graduate Research Support Award Emory Laney Graduate School	2008 \$9,211
Title: HIV prevention among the Maasai	
Doctoral Students HIV Fund Award Emory Center for AIDS Research	2007 \$3,845
Title: Community-Based Voluntary Counseling and Testing for HIV Prevention in rural Tanzania

INVITED LECTURES/PRESENTATIONS

COVIDVu: A national serological study. Council of State and Territorial Epidemiologists / Association of Public Health Laboratories COVID-19 Serology and Immunity Workgroup. September 15, 2020.

A home-based COVID-19 national assessment. COVID-19 Serology Working Group. US Centers for Disease Control and Prevention. August 18, 2020.

Representing the US COVID-19 epidemic: Developing a nationally representative COVID-19 prevalence and incidence study. Division of AIDS Seminar. National Institute of Allergy and Infectious Diseases, National Institutes of Health. June 5, 2020.

Lessons from TeleCare Research for HIV Prevention in the COVID-era. What We Know About Telehealth Models and Federal Actions to Facilitate Telehealth. O'Neill Institute for National and Global Health Law. Georgetown University Law Center. June 5, 2020.

PrEP Epidemiology and Novel Interventions to Enhance PrEP Uptake. Miller School of Medicine, University of Miami. Miami, FL. April 7, 2020.

Black men who have sex with men and PrEP indication: Data and possibilities. US Centers for Disease Control and Prevention, Division of HIV/AIDS Prevention, National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention. Atlanta, GA. January 29, 2020.

PrEP: Current trends, promising care options. Health Resources and Services Administration (HRSA) Region 4 Primary Care Forum. Atlanta, GA. October 30, 2019.

Capitalizing on the promise of PrEP. Department of Epidemiology and Biostatistic. School of Public Health. University of Albany. Albany, NY. October 22, 2019.

Meeting people where they are: Home and community-based care models. National Institutes of Health, Behavioral and Social Sciences Meeting on Long-Acting HIV Prevention and Treatment Regimens. Washington, DC. May 13, 2019.

Technology and innovation for successful PrEP implementation. US Centers for Disease Control and Prevention Division of Global HIV and TB Annual Meeting. Atlanta, GA. June 7, 2018.

Using the internet and social media to reach key populations. International Symposium on the Prevention and Control of HIV in China, organized by the China Center for Disease Control (CDC). Beijing, China. November 13-14, 2017.

New innovations in condom research. US Centers for Disease Control and Prevention Division of Global HIV and TB Annual Meeting. Atlanta, GA. June, 2016.

ORAL PRESENTATIONS

Prevention at scale: Developing a remote-services intervention to be incorporated into a widely-used geosocial networking app for Chinese MSM. 23rd International AIDS Conference. 6-10 July, 2020. Virtual.

National 2018 County-Level PrEP Usage Update and Research Findings. Center for AIDS Research Antiretrovirals for Prevention Working Group. Atlanta, GA. January 28, 2020.

ePrEP: Facilitating access to PrEP through telemedicine. Adolescent Medicine Trials Network for HIV/AIDS Interventions Annual Meeting. Washington, DC. April 10, 2019.

Home care models for HIV preexposure prophylaxis. Center for AIDS Research Antiretrovirals for Prevention Working Group. Atlanta, GA. January 28, 2019.

Analyzing geospatial data to understand PrEP service availability. Biomedical HIV Prevention Summit. New Orleans, LA. December 4-5, 2017.

PrEP: Current research directions. Georgia Department of Public Health MSM Symposium. Atlanta, GA. October 13, 2017.

The Future of HIV Research at Emory. Emory CFAR Network Meeting. Atlanta, GA. October 12, 2017.

PrEP Location Location Location! Identifying and Addressing Access Disparities. United States Conference on AIDS. Washington, DC. Sept. 9, 2017.

Plenary Session. Home testing for HIV: Feasibility, acceptability, implementation, and applications. HepHIV 2017. Malta. February 1, 2017.

“PrEP Implementation and future research directions.” HIV/AIDS in the Southeast: Center for AIDS Research Annual Meeting. Nashville, TN. March 24, 2017.

An exploratory assessment of the feasibility and acceptability of home-based support to streamline HIV preexposure prophylaxis (PrEP) delivery. 21st International AIDS Conference; Durban, South Africa 2016.

PrEP@Home: Feasibility of a home care system. MSM Satellite Conference, 21st International AIDS Conference; Durban, South Africa 2016.

Using AIDSVu as a grant writing resource. United States Conference on AIDS. Miami, FL. Sept 16, 2016.

Let's Talk About PrEP! United States Conference on AIDS. Miami, FL. Sept 16, 2016.

PrEP@Home: Assessing the feasibility and acceptability of a home care system for HIV pre-exposure prophylaxis. The International AIDS Conference. Durban, South Africa. July, 2016.

Stigma among MSM in South Africa: Baseline data from the Sibanye Project. Annual CFAR Prevention Science Core Meeting. Emory University, October 2015.

A proposed collaborative pilot assessment of active biomedical intervention among high-transmission areas in HIV genotyped networks. CFAR Developmental Core Group. Emory University, September 2015.

A comprehensive intervention to increase detection of acute HIV infections. University of California, San Francisco, October 2014.

Just Do It: The Case For Using Acute Infection Detection To Innovate HIV Prevention. Epidemiology Grand Rounds. Emory University, October 2014.

Get Fit: Exploring the Fit of HIV Prevention Methods in the 21st Century. Annual CFAR Prevention Science Core Meeting. Emory University, September 2014.

The Maasai and the *esoto* dance: HIV prevention in a rural African context. Dean's Council Meeting, Rollins School of Public Health, April 2012.

Worms, condom effectiveness and self-efficacy: Condom beliefs and other determinants of willingness to use condoms among a seminomadic tribe in East Africa. American Public Health Association Annual Meeting. November 2009. Philadelphia, PA.

To cut or not to cut: Willingness to change the Maasai male circumcision procedure. American Public Health Association Annual Meeting. November 2009. Philadelphia, PA.

Risk behaviors of HIV seropositive women: A cluster analysis. American Public Health Association Annual Meeting. November 2006. Boston, MA.

FIRST/LAST AUTHOR POSTERS (*indicates first author trainee)

Mouhanna F.* Measuring national disparities in pre-exposure prophylaxis (PrEP) use in US counties relative to PrEP need in 2018. 23rd International AIDS Conference. 6-10 July, 2020. Virtual. ~This poster led to an award of a conference scholarship for the trainee.

Hall, E.* Assessing the performance of international preexposure prophylaxis (PrEP) eligibility guidelines in a cohort of Chinese MSM, Beijing, China 2009-2016. 23rd International AIDS Conference. 6-10 July, 2020. Virtual.

Wang, L.* Interest in the delivery of HIV prevention services through a geosocial networking app among men who have sex with men in China. 23rd International AIDS Conference. 6-10 July, 2020. Virtual.

Pilot Test of a PrEP Telemedicine System for Young, Black MSM in the Rural US South. CROI; CROI: Conference on Retroviruses and Opportunistic Infections. Mar 4-7, 2019. Seattle, WA.

Geographic Access to PrEP Clinics among Men Who Have Sex with Men in the United States: Documenting PrEP Deserts. CROI: Conference on Retroviruses and Opportunistic Infections. Mar 4-7, 2018; Boston, MA.

Distribution of Active PrEP Prescriptions and the PrEP-to-Need Ratio, US Q2 2017. CROI: Conference on Retroviruses and Opportunistic Infections. Mar 4-7, 2018; Boston, MA.

Acute infection knowledge among a national internet sample of MSM in the United States. Social and Behavioral Sciences Research Network. University of California, San Francisco, October 2014.

Female genital cutting prevalence and instrument sanitation among the Maasai of Tanzania. American Public Health Association Annual Meeting. November 2009. Philadelphia, PA.

Maasai culture through the lens of HIV: Sexual practice and ritual among Maasai sections. National HIV Prevention Conference. August 2009. Atlanta, GA.

Dance ritual and the Maasai: HIV risk embedded in tradition." Morehouse School of Medicine Third Annual Public Health Summit: Reducing and Eliminating HIV/AIDS Disparities through Public Health Strategies. April 1, 2009. Atlanta, GA.

Esoto: A traditional dance and associated HIV risks among the Maasai. University of Georgia Global Health Symposium 2009: Social Determinants of Inequalities in Health II: Continuing the Global Conversation. March 24th-25. Athens, GA.

AWARDS/HONORS

Healthline HIV Influencer Award	2017
CFAR Collaborative Mentored Research Award	2015
National Research Service Award (F31), National Institutes of Health	2008-2011
National HIV Prevention Conference Scholarship	2009

PROFESSIONAL SERVICE

Grant and Scientific Review

Grant Reviewer: NIH Division of AIDS, Behavioral and Population Sciences, AIDS and Related Research IRG: 2021/01 ZRG1 AARR-N (02) M.	2020
Grant Reviewer: California HIV/AIDS Research Program, Implementation Science Panel.	2020
Grant Reviewer: Emory University Research Committee.	2019-present
Grant review panel, NIH-funded CFAR-R03 and CFAR-C mechanisms. Emory Center for AIDS Research.	2018-present
Scientific reviewer. National LGBTQ Health Conference.	2019
Promotion review for Associate Professor: Cui Yang, Johns Hopkins Bloomberg School of Public Health.	2020
Tenure Review: Tyrel Starks, Hunter College, CUNY.	2019

Conference and Scientific Leadership

Panelist: National Institutes of Health Meeting on Long-Acting HIV Prevention and Treatment Regimens. Washington, DC.	2019
Conference Planning Committee. National Center for AIDS Research Scientific Symposium: From Bench to Bedside to Our Own Backyard. Atlanta, GA.	2018
Themed Discussion Leader. PrEP Without Borders: New Delivery Options. Conference on Retroviruses and Opportunistic Infections. Seattle, WA.	2017
Session chair. MSM: Diverse Realities Require Nuanced Programs. 21st International AIDS Conference; Durban, South Africa.	2016
Participant: White House Meeting on HIV Stigma: Research for a Robust Response. Washington, DC.	2016
Participant: National Institutes of Health Meeting on Enhancing the Measurement of HIV Exposure due to Sexual Behavior. Rockville, MD.	2016

Emory University Committees

Emory Biostatistics Chair Search Committee Member	2019-2020
---	-----------

Aaron Siegler, PhD, MHS

Doctoral Program Admissions, Department of Epidemiology. Rollins School of Public Health.	2020-present
Doctoral Program Committee, Department of Behavioral, Social, and Health Education Sciences. Rollins School of Public Health.	2019-2020
Emory University Faculty Advisory Board for Research Activities. Research Advisory Committee. Rollins School of Public Health.	2020-present 2018-present
Community and Diversity Committee, Rollins School of Public Health.	2017-present
Co-Founder: Research Faculty Committee, Rollins School of Public Health.	2016-2018
Global Field Experience Award Committee, Rollins School of Public Health.	2015-present
MPH Admissions Committee, Department of Epidemiology.	2015-2018
Faculty Mentorship Committee, Department of Epidemiology.	2015-2018

CONSULTING EXPERIENCE

Consulting expert and session lead for Building Healthy Online Communities meeting for future directions in online HIV prevention.	2019
Center for AIDS Research (CFAR) Prevention Core	2014-present
U.S. CDC Medical Monitoring Project	2013
Project consultant: Visual teaching tools for qualitative research	2011
Focus group moderator: South Asian Health Project	2010

PROJECT MANAGEMENT

Protocol Chair: ATN 159	2017-present
Site PI: DOT Diary	2015-present
Project Lead: C-Pleasure	2014-present
Project Lead: PrEP@Home	2012-present
Project Lead: FITHIV	2013-2014
Project Manager, Sibanye Project	2012-present
Project Manager, Project Maiboo Maa (Defend the Maasai)	2009-2010
Project Manager, Project CAP HIV	2006
Enumeration Manager, Project AFIKI (Accept)	2004

EDITORIAL EXPERIENCE

TEACHING

EMORY UNIVERSITY, ATLANTA, GA

Lead Instructor or Co-Instructor:

Advanced Qualitative Methods	2020
Behavioral Sciences Grant Writing Capstone Seminar	2019
A Practical Introduction to Question and Survey Design	2013-2018
Introduction to Survey Methodology	2007, 2010
Applied Behavioral Research Methods	2007

Teaching Assistant:

Qualitative Methods for Research in Global Health	2010
Theory in the Behavioral Sciences and Health Education	2006

JOHNS HOPKINS UNIVERSITY, BALTIMORE, MD

Teaching Assistant:

International Health Reform	2005
Case Studies in Healthcare Policy	2005

GUEST LECTURES

Biannually, 2018-present. Social epidemiology applications of theoretical models. Guest lecture in Social Epidemiology. Rollins School of Public Health, Emory University.

Annually, 2018-present. Condoms in public health programs. Guest lecture in Technology of Fertility Control. Rollins School of Public Health, Emory University.

Annually, 2019-present. Use of Molecular Epidemiology Tools in Public Health: A Case Study of Pre-Exposure Prophylaxis for HIV Prevention. Guest lecture in Public Health Applications of Molecular Epidemiology. Rollins School of Public Health, Emory University.

Spring 2019. Programs and Research promoting MSM Health. Guest lecture in LGBTQ Public Health.

Fall 2018. Qualitative research designs in behavioral and social sciences. Guest lecture in Research Designs in the Behavioral and Social Sciences. Rollins School of Public Health, Emory University.

Spring, 2017-Spring, 2018. Biomedical interventions for HIV prevention. Guest lecture in Methods of HIV Epidemiology. Rollins School of Public Health, Emory University.

Spring 2017. Condoms in correctional facilities. Guest lecture in Correctional Healthcare. Rollins School of Public Health, Emory University.

Spring 2016. Surveys for Program Evaluation. Guest lecture in Conduct of Evaluation Research. Rollins School of Public Health, Emory University.

Spring 2014-2015. Sexual health among the Maasai of Tanzania. Guest lecture in Human Sexuality. Rollins School of Public Health, Emory University.

Fall 2013-Fall 2017. Fitted condoms as a public health intervention. Guest lecture in Technology of Fertility Control. Rollins School of Public Health, Emory University.

Fall 2013-Fall 2014. Applied mixed methods research. Guest lecture in Qualitative Research Methods for Global Health. Rollins School of Public Health, Emory University.

MENTORING

MPH THESIS CHAIR

Audrey Copeland, 2020. Epidemiology. Geographic access to HIV pre-exposure prophylaxis (PrEP) in Atlanta, GA: The role of geographic level and mode of transportation.

Justin Cubilo, 2019. Epidemiology. Spatial Analysis of PrEP Access via Public Transit and Car in Urban Areas Across Demographic Variables and Clinic Services.

Sara Herbst, 2019. Epidemiology. No Evidence of Risk Compensation on Pre-Exposure Prophylaxis (PrEP) for HIV Prevention in a Longitudinal Analysis of Men Who Have Sex with Men (MSM) in South.

Kelsey Coy, 2018. Epidemiology. Predictors of PrEP Adherence Over a Two-Year Period Among a National Sample of Patients in the United States, 2015-2017.

Katie Thure, 2016. Epidemiology. The PrEP Continuum and predictors of PrEP Uptake in a National Sample of MSM in the United States.

Robert Driggers, 2016. Epidemiology. Associations of perceived stigma as a risk factor for HIV diagnosis and preventive services, knowledge, and behavior, American Men's Internet Survey, United States, 2014.

Emily Maier, 2016. Epidemiology. A survey of community-based organization readiness to provide HIV PrEP: service gaps and perceived needs.

Alexandra Savinkina, 2016. Epidemiology. The relation between Geosocial phone app use and HIV protective and risk behaviors.

Amanda McCarty, 2016. Epidemiology. Nitrosamines and condom use: an ecological exploration using spatial analysis.

Elizabeth Harker, 2016. Epidemiology. Associations between exposure to HIV testing campaigns and self-reported HIV testing and other risk behaviors.

Aaron Siegler, PhD, MHS

Michelle Leisner, 2015. *Epidemiology*. Factors that Influence the Prevalence of Latent Tuberculosis Infection among Healthcare Workers in Thailand.

Kenisha Peters, 2015. *Global Health*. Exploring Men's Condom Experiences, Preferences, and Desires in Cape Town, South Africa: Are New Condoms Needed?

Cho Hee Shrader, 2015. *Global Health*. "I would rather do, practice the sex, even if it's without a condom": A qualitative reinvestigation of barriers and facilitators to condom use in Cape Town, South Africa.

MPH THESIS COMMITTEE

Jose Guillen, 2015. *Global Health*. Comes in all sizes: custom-fitted condoms as a potential sexual health intervention among heterosexual men in Cape Town.

Victoria Fort, 2010. *Global Health*. A Qualitative Study of Cervical Cancer Screening in Mulanje, Malawi.

DOCTORAL COMMITTEE

Kim, Min, 2018. *Epidemiology*. Themes of Virologic Failure among Young HIV-Positive MSM.

Brown, Carolyn (in progress), *Epidemiology*. Stigma measurement and longitudinal assessments among MSM in South Africa.

Sharpe, Danielle (in progress), *Epidemiology*. TBD.

DOCTORAL CHAIR/ADVISOR

Chen, Yi-No (in progress), *Epidemiology*. TBD.

Huang, Wenting (in progress), Behavioral Sciences and Health Education. TBD.

POST-DOCTORAL ADVISOR

Hall, Eric (in progress), *Epidemiology*. TBD.

FACULTY MENTOR: FUNDED AWARDS

Allysha Maragh-Bass. Adjunct Professor, Global Health Institute, Duke University.
3R01MH114692-03 2020-2022 \$268,368
Title: Resilience in the Face of Stigma: Identifying Resources to Promote PrEP and Healthcare Engagement among MSM of Color in the Making It Last Trial
Role: PI for diversity supplement, research mentor

Valeria Cantos, Assistant Professor, Department of Infectious Diseases. Emory University School of Medicine.
CFAR Adelante (NIAID) 2019-2020 \$150,000
Title: Development of a Comprehensive HIV Prevention App for at-risk Latino Youth.
Role: Primary research mentor.

Jeb Jones. Research Assistant Professor. Epidemiology, Emory University
R03, Emory CFAR (NIAID) 2018-2019 \$40,000
Title: Assessing Longitudinal PrEP Usage Patterns Among US MSM.
Role: Primary research mentor.

Allison Chamberlain. Research Assistant Professor. Epidemiology, Emory University.
Dean's Pilot and Innovation Grants, Emory 2018-2019 \$50,000
Title: Characterizing PrEP promotion activities and needs among primary care providers in
Fulton County, GA
Role: Primary research mentor.

FACULTY MENTOR

Natalie Crawford. Assistant Professor. Behavioral Sciences, Emory University.
Role: Research mentor.

Whitney Smith Rice. Research Assistant Professor. Behavioral Sciences, Emory University.
Role: Departmental mentor.

FUNDED STUDENT MENTORED AWARDS

Jingjing Li, Casey Hall. PhD students, Department of Behavioral Sciences, Emory University.
Healthcare Innovation Program, ACTSI 2016-2018 \$5,000
Title: Enabling factors for promoting HIV pre-exposure prophylaxis (PrEP) among healthcare
providers: A qualitative study of active PrEP prescribers in Georgia.
Role: Research mentor.

Cho Hee Shrader, Kenisha Peters, Camila Donoso, Kate Ludorf. MPH students, Department of
Global Health, Emory University.
Rollins Global Health Field Scholars Award 2015-2016 \$12,000
Title: Developing and Assessing a fitted condom sizing system in Cape Town, South Africa.
Role: Research mentor.

Jose Guillen, Helen Baker, Danielle Miranda, Cody Siegel. MPH students, Department of Global
Health, Emory University.
Rollins Global Health Field Scholars Award 2014-2015 \$12,000
Title: Exploring Fitted Condoms as a Sexual Health Intervention in Cape Town, South Africa.
Role: Research mentor.
